**STYLE TIP**

Organic minimalism is gaining popularity, soften the modern lines of Vision with the natural hue of Capri Stone.

A GREAT BRITISH LL MANUFACTURER

Vision blinds are an innovative window furnishing that feature two layers of translucent and opaque horizontal striped fabric that combine to create a striking modern feel.

The back fabric moves independently of the front layer allowing the stripes to glide past each other creating an open and closed effect. This allows you to control the levels of light and privacy to suit your needs.

Natural and sumptuous tonal textures, subtle metallic shimmers and blockout fabric options make these blinds perfect for any room in the home.

Portofino Seasalt

*Blockout fabric does not create a fully blackout blind, there will be lightstrike at the edge of the blind.

## ULTIMATE CURB APPEAL

Vision blinds combine the ideal balance of privacy and light control with the fashionable, eye-catching trend of bold stripes and colour blocking.

Easy to operate, a single control is used to slide the opaque and translucent woven stripes past each other. The same operation is used to raise or lower the window blind to any height in the window with ease, in the same way as the classic roller blind.

The front layer moves independently of the back allowing the stripes to glide between each other creating an open and closed effect, with limitless light control.

Sliding the fabric into a closed 'opaque-opaque' position allows full privacy and an impressive block of beautiful fabric at your window, whilst the 'translucent-opaque' position creates a stunning striped statement.

With Vision blinds you will enjoy the very best in quality, manufacture and design, along with the practicality of a low maintenance window blind.

# MODERNISE

## — WITH MOTORISATION —

Opening and closing each window blind in your home manually can be quite time consuming, but with motorisation, operating your blind is quick and easy using remote control or voice activation within your home.

Using your wifi, the Louvolite Home Hub connects smart devices to your motors. The app, available for iOS and Android, provides additional options such as multi room control and the ability to set daily or weekly schedules, which is great for energy saving or so your home looks occupied, even when you're not there.

Sometimes the little things are the big things and Louvolite One Touch® makes life more convenient, safe, and enjoyable.
