PERFECT FIT® ROLLER

MOVES WITH YOUR WINDOW

Perfect Fit is the most attractive and innovative window blind available on the market today.

It's available for Roller, Cellular and Vision® blinds.

It's unique because the window blind fits neatly into a stylish frame which moves together with the windows and doors when they are opened and closed, giving you the perfect combination of shade, ventilation and privacy.

WHY CHOOSE PERFECT FIT®

- It's offered in a huge range of fabric, frame colours and designs to match your interior design scheme.
- There's no drilling or screwing into your window frames for a quick and clean installation.
- There are reduced gaps at the edge of the blinds which reduces light strike and increases your privacy.
- They're child safe because there's no loose operating cords or loops.
- It leaves window sills clutter free.
- The blinds are easily removable for cleaning.

SAVE ON YOUR FUEL BILLS

— WITH PERFECT FIT®, STREAMLINED SHADING —

Louvolite Perfect Fit® is a revolutionary system that enables window blinds to be fitted perfectly onto most double glazed windows and doors, with no holes drilled into your uPVC frame.

Cellular | Fresco Pale Grey

The unique Perfect Fit blind fits neatly onto the window and enhances your privacy because there are no gaps down the side of the blind.

Whether you select a contemporary design for the living room, a blackout fabric for the bedroom or a moisture resistant print for the bathroom, our blind collection in combination with the Perfect Fit system is the ultimate in style and safety.

NOT JUST FOR uPVC WINDOWS...

Perfect Fit Konnect uses magnetic strips that, when fitted to the window and Perfect Fit frame, secures the blind into position.

This allows Perfect Fit to be fitted to even more types of windows and doors including aluminium and wooden frames.

SAFE & STYLISH

We all know that as children grow their curiosity does too which is why we make child safety a real priority. Perfect Fit blinds are a great choice because they don't require pull cords or chains and can now be motorised.

Perfect Fit Cellular with Universal frame

PERFECT FIT® UNIVERSAL*... FOR INSIDE & OUTSIDE RECESS

The Perfect Fit® blind fits securely on to the Universal frame which can then be fitted inside or outside the window recess. The frame offers no obstruction to your windows and doors so they can be opened and closed freely with your window sills remaining clear. Available in white and anthracite.

- For skylights, mobile homes, windows & doors.
- Superior room darkening qualities and enhanced privacy!

Luna Pumice Blockout

*The Perfect Fit Universal frame requires drilling.

PERFECT FIT® INTERMEDIATE SUPPORT FOR WIDER WINDOWS

Shade windows wider than 1.4m with Louvolite Perfect Fit® using the Intermediate Support.

The T-shaped section fits into the Perfect Fit® frame, centred or aligned over a mullian, so that two or more cellular blinds join together to make a wider Perfect Fit® blind.

The Intermediate Support works with the Perfect Fit® frame when its either installed directly to the window frame or when using the Universal frame.
