PERFECT
for modern living

Roman blinds are a luxurious window dressing that will transform any interior design scheme. With our reliable and smooth operating system it can be easily raised and lowered to provide you with perfect light control, either manually or with contemporary Louvolite One Touch® motorisation.

The blinds fit neatly at the window enabling it to perform well from a privacy perspective as well as from an insulation view point, keeping you warmer in winter and cooler in summer.

Our window blinds are always designed with safety in mind and there are a number of child safe options for you to choose from. Many of our fabrics ranges are also available as roller, vertical and panel blinds to give you perfect coordination throughout your home.

BRITISH ALLERGY FOUNDATION • ALLERGY UK SEAL OF APPROVAL •

Helping to reduce hayfever symptoms with Pollergen®

Louvolite has created a unique fabric treatment which can help relieve hayfever symptoms, it's called Pollergen® and is backed by Allergy UK's seal of approval.

The active ingredient in all Pollergen® fabrics captures and then neutralises the pollen, thereby helping to reduce the effects of hayfever.

All Pollergen® treated fabrics can be washed or wiped down as the active formulation continuously migrates to the surface of the fabric for continued protection.

So when selecting your new blinds, make Pollergen® your fabric choice.

MOTORISE
with smart technology

Motorisation is a popular choice for the utmost in convenience. Using your remote control you can operate a number of blinds at the same time to suit your requirements.

Motorised Roman blinds are an innovative solution for the home, offering complete shading flexibility and privacy at the touch of a button.

You can also operate your blinds straight from a phone or tablet, or using voice activation with Amazon Alexa or Google Home.
